

# AZO TechFusion

The World of Raw Material Automation

**AZO.**<sup>®</sup>

**Einladung zur AZO TechFusion  
am 17. / 18. September 2024 in Osterburken**

**Invitation to the AZO TechFusion  
on 17 / 18 September 2024 in Osterburken**

## Erste AZO TechFusion in Osterburken

Haben Sie sich schon einmal gefragt, wie Innovationen entstehen und die Zukunft geformt wird? Entdecken Sie es gemeinsam mit uns auf unserer ersten AZO TechFusion! Am 17. und 18. September 2024 öffnen wir in Osterburken unsere Tore für zwei Tage voller Inspiration, Austausch und Einblicke in die Welt der Rohstoff-Automatation.

AZO steht seit 75 Jahren für Qualität und Innovation in der Schüttgutindustrie. Als führender Anbieter von automatisierten Produktions- und Prozesslösungen im Materialhandling sind wir stolz darauf, die Grenzen des Möglichen immer wieder neu zu definieren und unseren Kunden maßgeschneiderte Lösungen anzubieten.

## Was erwartet Sie?

- Geballtes Know-How: Spannende Vorträge unserer AZO-Experten und Einblicke in unsere Technik.
- Virtuell mittendrin: Komplette AZO Anlagen hautnah erleben an unserer 3D-Powerwall
- Innovation zum Mitmachen: Interaktive Workshops in unserem Open Innovation Bereich, in denen Sie aktiv die Zukunft unserer Produkte mitgestalten können.
- Blick hinter die Kulissen: Live-Vorfürungen und Betriebsrundgänge.
- Austausch mit Experten: Zahlreiche Networking-Möglichkeiten während der gesamten Veranstaltung und beim Get-Together am Vorabend.

## First AZO TechFusion in Osterburken

Ever wondered how innovations are created and future is shaped? Join us at our first ever AZO TechFusion and let's discover it together! On 17 and 18 September 2024, we will open our doors in Osterburken for two days full of inspiration, exchange and insights into the world of raw material automation.

AZO has stood for quality and innovation in the bulk solids industry for 75 years now - and counting. As a leading supplier of automated production and process solutions in material handling, we pride ourselves on constantly redefining the limits of what is possible and offering our customers customised solutions.

## What to expect?

- Concentrated expertise: Exciting presentations by our AZO experts and insights into our technology.
- Virtually in the middle: Experience complete AZO systems up close on our 3D Powerwall
- Hands-on innovation: Interactive workshops in our Open Innovation area, where you can actively help shape the future of our products.
- A look behind the scenes: Live demonstrations and factory tours.
- Exchange with experts: Numerous networking opportunities throughout the event and at the get-together on the evening before.

# Agenda AZO TechFusion 2024

9:30
